

# SALUTE TO THE AUSSIE DIGGER CD

Australia's Legacy. It's worth defending  
Caring for families of those who died defending  
Australians and their freedom.

The Australian Army Band Sydney has produced an educational, and enthralling CD which traces the country's military history in narrative, sound and music. Actor Jack Thompson's and General Peter Cosgrove's narration has been designed to give an insight into the culture, national mood, and military history of Australia – from colonial times to the present day.

The CD provides a historical and emotive account of Australia's Defence Force, encapsulating the experiences of men and women who have safeguarded our country through all war conflicts to today's peacekeeping operations.

All profits made from *Salute to the Aussie Digger* – will be donated to Legacy.
